

Technical Data Sheet

AW414

Mild Cleaner

10-02-2025 / V 2

Description

AW414 is a hydrocarbon alcohol solvent suitable for use as a cleaner in a wide range of industrial applications.

AW414 can be used on a variety of surfaces including coated glass, plastic and painted substrates where more aggressive products are unsuitable.

Features and Benefits

- Compatible with a wide range of illbruck sealants and primers
- Non-hazardous
- Easy to apply
- Suitable for a wide range of substrates
- 2.5 Litre Can

Usage Purpose

AW414 should be used for cleaning coated glass, plastic and painted substrates where more aggressive products are unsuitable.

Shelf Life

24 months

Storage

Store away from direct heat and sunlight in a cool place, suitable for storing flammable liquids.

Necessary Tools

Soft Cloth

Application

AW414 Mild Cleaner should be applied to a clean soft cloth and then wiped over the substrate surface to remove grease, dust, loose particles, and other potential contaminants.

After cleaning, all substrate surfaces should be dry before the application of adhesive.

Limitation

Please note, AW414 is not suitable for removing severe contamination and will not clean off paints, adhesives etc.

Guarantee / Warranty
