PRODUCT INFORMATION

Description

RW TremSafe Access Ladders are a bespoke made roof access system manufactured from galvanised steel framing.

Usage / Purpose

RW TremSafe Access Ladders are specifically designed to enhance safety by providing a permanent and safe means of roof access that can control unauthorised usage.

Packaging

Palletised and subject to project requirements.

Sizes

1100mm high and available in straight, folding, half folding and curved profile.

Availability

Direct from Tremco CPG UK Limited (see bottom of leaflet for address and telephone details).

Application

TremSafe Access Ladder should be installed and certified by a competent professional. Please consult specific technical design guide or Tremco Technical Services for further advice.

Technical Service

Tremco CPG UK Limited has a team of experienced Technical Sales Representatives who provide assistance in the selection and specification of products. For more detailed information, service and advice, please call Customer Services on 01942 251400.

Guarantee / Warranty

Tremco CPG UK Limited products are manufactured to rigid standards of quality. Any product which has been applied (a) in accordance with Tremco CPG UK Limited written instructions and (b) in any application recommended by Tremco CPG UK Limited, but which is proved to be defective, will be replaced free of charge.

Tremco CPG UK Limited reserves the right to alter product specifications without prior notice, in line with Company policy of continuous development and improvement.
