

SC902

SC902 Fast Track, On-Site Intumescent Steel Coating

27-07-2022 / v1

Description

SC902 is a low VOC, one coat, high build system, based on patented technology. It provides a fast cure effective structural fire performance, for steelwork, up to a 120 minute fire rating.

Features and Benefits

- Fast cure, even below 0°C, touch dry in 1 hour
- Early weather resistance, shower proof within 1 hour
- Self-priming system tolerant of light rusting to steel, up to 2 weeks post blasting
- High build potential with all ratings possible in one application
- Fire rating up to 120 minutes tested to BS476 and EN13381: Parts 6, 8 & 10
- Designed for on-site use
- Optifire®+ unique traceability identifier
